

Berhampur Municipal Corporation, Berhampur

Letter No. 3103

Date 24-2-19

Faecal Sludge and Septage Management Regulations, 2019

NOTIFICATION

In exercise of powers conferred by section 657 read with sections 518, 519, 658 and 659 of the Odisha Municipal Corporation Act, 2003 (Odisha Act 11 of 2003), Berhampur Municipal Corporation hereby make the following Regulations having been approved and confirmed by the State Government for the purpose of giving effect to the said Act, to ensure Faecal Sludge and Septage Management within the city of Berhampur Municipal Corporation.

CHAPTER I

GENERAL

1. Short title, extent and commencement. – (1) These Regulations may be called as Berhampur Municipal Corporation Faecal Sludge and Septage Management Regulations, 2018.

(2) These Regulations shall apply to the area under the jurisdiction of the Berhampur Municipal Corporation.

(3) They shall come into force on the date of their publication in the Odisha Gazette.

2. Definitions. – (1) In these Regulations, unless the context otherwise requires:–

- (a) “Act” means the Odisha Municipal Corporation Act, 2003 (Odisha Act 11 of 2003) ;
- (b) “authorized official” means any official of the Corporation as may be authorized by the Commissioner in writing in this behalf ;
- (c) “containment unit” means any type of structure that is used to contain faecal sludge or septage and may include pit, ventilated improved pit, twin pit, aqua privy and septic tank with or without soak pit to which latrine is connected ;
- (d) “Corporation” means Berhampur Municipal Corporation ;
- (e) “desludging” means the process of removing accumulated sludge or septage from the containment unit consistent with the guidelines ;
- (f) “effluent” means the wastewater that flows out of a toilet or supernatant liquid discharged from a septic tank ;

- (g) "facility" means any site or location where septage is handled after emptying from containment unit ;
- (h) "faecal sludge" means raw or partially digested, in a slurry or semisolid form, the combinations of excreta and black water, with or without grey water ;
- (i) "Form" means a Form appended to these regulations ;
- (j) "handle" means to transfer, separate, process, reuse or dispose of ;
- (k) "manual cleaning" means non mechanised cleaning or cleaning of a sewer or containment unit by any person or employee without such person, or employer, as the case maybe, fulfilling their obligation to provide protective gear and other cleaning devices and without ensuring observance of safety precautions, as maybe prescribed in any other law for the time being in force or rules made thereunder ;
- (l) "operator" means a person engaged in management and operation of the septage transport vehicles or septage treatment facility or both ;
- (m) "person" includes an individual, an agency, a trust, a society registered under the Societies Registration Act, 1860 (No. 21 of 1860), a firm or a company incorporated under relevant laws, an association of persons or a body of individual whether incorporated or not ;
- (n) "Schedule" means the Schedule appended to these Regulations ;
- (o) "septage" means the liquid and solid material that is pumped from a septic tank, cesspool, or such onsite treatment facility after it has accumulated over a period of time ;
- (p) "septage management" means a comprehensive programme for collection, transportation, treatment and safe disposal of faecal sludge and septage ;
- (q) "septage transport vehicle (STV)" means the vehicle which is used for transportation of sludge or septage ;
- (r) "septic tank" means an underground tank that treats wastewater by a combination of solids settling and anaerobic digestion and includes Government approved types of containment units ;
- (s) "sludge" means the settled solid matter at the bottom of septic tanks;
- (t) "wastewater" means any liquid effluent from human activity, whether of residential or non-residential nature, including effluents from toilet or the combinations of excreta and black water, with or without grey water, but does not include effluents from manufacturing and industrial activity.

(2) Words and expressions used but not defined in the Act, or any other relevant Acts shall have the meaning respectively assigned to them in those Acts and the rules made thereunder.

CHAPTER II

MANAGEMENT AND DISPOSAL OF WASTEWATER

3. Management and disposal of wastewater from premises. – The owner of every premise shall be responsible to ensure that wastewater from the premises is treated or disposed of through any, or a combination of any of the following ways, namely: -

(a) if a sewerage system is available within 30 (thirty) meters of the boundary of the premises or at such other distance as may be feasible, the sewer is connected to sewerage system on payment of such fees and on completion of other procedures as may be required ;

(b) wastewater is conveyed to an on-site containment or treatment system, which may include a septic tank or twin-pit or other on-site system, constructed in accordance with any order issued in this behalf by the Corporation; or

(c) wastewater is conveyed to a community or local area containment system or treatment facility, which may include community septic tank.

CHAPTER III

CONTAINMENT AND DESLUDGING

4. Design, construction and maintenance of containment units. – (1) The design, construction and installation of containment units shall be made in accordance with the provisions of the Odisha Urban Septage Management Guidelines, 2016 as may be modified from time to time or any other accepted sound engineering practice as may be issued by the Corporation or the State Government or Central Government:

Provided that when the Corporation issue any guidelines or specifications, it shall be issued with the prior approval of the State Government.

(2) The owner of the premises where the sewer is connected to septic tank shall be responsible for upkeep, maintenance and safe disposal of the sludge from such septic tank.

(3) The owner of the premises shall undertake desludging on a regular basis on payment of such cost as maybe determined by the Corporation and the payment so made shall be acknowledged by issuing a money receipt in Form-I.

(4) The owner shall ensure that no pollution is caused to the environment due to direct discharge of sludge into open areas or into the drain due to malfunctioning or faulty construction of the containment unit.

(5) The owner of the premises or group or community septic tank shall ensure that the septic tanks are cleaned mechanically by the Corporation or by the cesspool operator registered with the Corporation with adequate safety measures and no manual cleaning is taken up for the purpose.

5. Desludging. – (1) All persons shall hire only those STVs that are registered with the Corporation for the purpose of desludging.

(2) The owner of the premises or group or community septic tank shall be responsible for calling for the desludging services in such duration as specified in Schedule-I or as per the norms specified by the State Government or as may be required, not exceeding a period as mentioned in that Schedule.

(3) The desludging shall only be carried out by the trained sanitary workers of the Corporation or by the operator, which are authorized under these Regulations by the Corporation.

(4) The Operator under authority from the Corporation, may collect such user fee from the owner of the premises having septic tank for the desludging and treatment of the septage, as may be notified by the Corporation from time to time.

CHAPTER IV

MANNER OF REGISTRATION OF SEPTAGE TRANSPORT VEHICLE AND RESPONSIBILITIES OF ITS OPERATORS

6. Application for registration. – (1) Any person having cesspool emptying vehicle shall apply to the Corporation in Form-II for registration, as a Septage Transport Vehicle (STV), accompanied with such registration fee as specified by the Corporation, from time to time, accompanied with the documents and self-declaration, as specified in the application Form.

(2) The Corporation, if satisfied, shall issue a registration certificate with such terms and conditions as specified in Form-III.

(3) Global Positioning System (GPS) with tracking facility shall be fixed in the vehicle before application for registration is made and the tracking link has to be shared with the Corporation.

(4) The STV shall be inspected and a certificate shall be issued by an authorized officer of the Corporation annually towards proper functioning of all equipment and verify the compliance to the requirements of the Motor Vehicle Act, 1988 (No. 59 of 1988).

(5) Deployment of STV without valid inspection certificate shall be treated as a contravention of the provisions of these Regulations and subject to penal action as per the provisions of these regulations.

(6) Cesspool emptying vehicle owned by the Corporation which are used as a septage transport vehicle shall also be registered in the manner aforesaid.

7. Approval or rejection of application. – The Corporation may approve or reject with or without any condition, as deem fit, any application received in this regard:

Provided that, before rejecting any application, the applicant shall be given a reasonable opportunity of being heard by an officer nominated by the Municipal Commissioner.

8. Registration of septage transport vehicle (STV). – (1) No vehicle shall be engaged in the collection, transportation and disposal of faecal sludge and septage, unless it is registered as a Septage Transport Vehicle (STV) with the Corporation and possess a valid inspection certificate under these Regulations, and any person found doing so in contravention of these Regulations shall be liable to penalty as specified in Schedule-II and the vehicle along with equipment may be seized.

(2) A Register in Form-IV shall be maintained by the Corporation reflecting the details of the vehicle registered as STV.

9. Suspension and cancellation of registration. – (1) The Commissioner, or an authorized official, shall have the power to suspend the registration temporarily, if the STV does not have the required certificate under sub-regulation (4) of Regulation 6 or if it is not fit or in the opinion of the competent authority the usage of the vehicle may have negative environmental and health impacts.

(2) The Commissioner, or an authorized official, shall have the power to cancel registration of a STV, if in the opinion of the Commissioner, or the authorized official, the owner of the vehicle has violated any of the provisions of these Regulations or violated terms and conditions of registration or the STV is not found to be fit to put into service:

Provided that before suspension or cancellation of registration as the case may be, the owner of the vehicle shall be given a reasonable opportunity of being heard.

10. Issue of license to operator. – (1) A person who intends to be engaged in management and operation of the Septage Transport Vehicle or septage treatment facility or both shall apply for license for the said purposes to the Corporation in Form-V.

(2) The Corporation shall issue the license with such terms and conditions as specified in Form-VI.

11. Responsibilities of STV operator. – (1) The operator of the STV shall be responsible for safe transportation of faecal sludge and septage to the designated site notified by the Corporation.

(2) The operator shall ensure that the STV shall not be used for the transportation of any other materials or liquids till the registration is in force.

(3) The operator of the STV shall maintain records relating to collection, transportation and disposal of faecal sludge in Form-VII.

(4) The operator shall take necessary steps for safety and welfare including insurance of sanitary workers as per the provisions of regulation 12.

12. Safety measures for desludging. – (1) The desludging shall be carried out using safe and appropriate technology, equipment, protective gear and sound operating practices which are in compliance with the relevant provisions of law or as provisions of the Odisha Urban Septage Management Guidelines, 2016, as modified from time to time.

(2) The operator shall ensure that –

(a) all desludging workers are trained to use the protective gear and on hygiene practices;

(b) all the safety equipment is operational and are in good condition for use before proceeding to a collection site;

(c) first aid kit, gas detection lamp and fire extinguisher are kept in the vehicle before it goes to the collection site;

(d) there is sufficient disinfectant on the vehicle before it goes to the collection site; and

(e) sanitary workers shall never enter a septic tank under any circumstances.

13. Accidental spillage. – (1) In the event of accidental spillage of sludge or septage, the STV operators shall –

(a) immediately take action to prevent further spillage of sludge or septage, minimize the environmental impact and take-up clean-up action; and

(b) disinfect the area of spillage by appropriate method

(2) If the operator contravenes the provision of sub-regulation (1), he shall be liable for penalty as provided in Schedule-II.

CHAPTER V

SEPTAGE TREATMENT AND DISPOSAL

14. Treatment. – (1) The septage shall be processed and treated in the treatment facilities in the manner approved and notified by the Corporation in accordance with the relevant laws, notifications, or as provided in the Odisha Urban Septage Management Guidelines, 2016, as amended from time to time, or any good engineering practices.

(2) From the date of such notification under sub-regulation (1), no disposal of septage or sludge shall be carried out anywhere in the Corporation except in the designated treatment or the disposal site.

15. Responsibilities of the operator. – (1) The operator of the treatment facility shall be responsible for ensuring adequate safety measures to protect the workers, neighbourhood and ensure proper sanitation facilities in the premises of the plant.

(2) The operator of the treatment facility shall ensure that the treated septage is disposed of in compliance with the standards notified by the State Pollution Control Board.

16. Disposal. – (1) The treated septage shall be disposed of at a specified location authorized and notified by the Corporation, from time to time in compliance with the Environment (Protection) Act, 1986 (No. 29 of 1986) and the rules made thereunder and the Water (Prevention and Control of Pollution) Act, 1974 (No. 6 of 1974) and the rules framed thereunder.

(2) The location for disposal site shall be finalized by the Corporation in consultation with the State Pollution Control Board and the district administration.

(3) The treated septage may also be deployed for re-use in accordance with applicable rules and safety standards.

CHAPTER VI

ADMINISTRATION AND ENFORCEMENT

17. Administration and enforcement. – (1) The administrative and enforcement powers of these Regulations is vested with the Commissioner or any other official of the Corporation duly authorized by the Commissioner.

(2) If the Corporation is providing services in respect of containment, conveyance or treatment, it may levy user fees as may be determined from time to time, for ensuring the cost recovery and the users shall be required to pay for these services rendered by the Corporation.

18. Special power for inspection. – For the purpose of implementation and enforcement of these regulations, the Corporation shall have the power of inspection of any premises, septage transportation vehicle and septage treatment plant or treatment facility at any time.

19. Violations and penalties. – (1) Any person guilty of violation of any of the provisions of these regulations, shall be issued with a notice for compliance.

(2) Any person shall be subject to penal provisions under these regulations, if such person –

(a) contravenes or fails to comply with any provisions of these Regulations;

(b) obstructs, hinders or interferes with an authorized official or other official of the Corporation acting under power delegated to him or in the exercise of any power or the performance of any duty under these regulations; and

(c) resorts to manual cleaning of the containment units.

(3) The person found to be guilty of violation of provisions of these Regulations shall be punished to the extent to the amount as indicated in Schedule-II and prosecution under relevant law and shall be subjected to seizure of the septage transport vehicle, septage treatment plant, treatment facility or property as the case may be.

(4) Whoever, in any case in which a penalty is not expressly provided in Schedule-II is found to be guilty, shall be punishable with a fine of Rupees two hundred and in case of continuing contravention with an additional fine amounting to Rupees thirty every for day during which such contravention continues.

(5) For removal of doubt, it is hereby declared that nothing in these regulations shall prevent any person from being prosecuted and punished under any other relevant Act for the time being in force or any act or omission made punishable under these Regulations.

20. Appeal. – Any person aggrieved by the decision of an Authorized Official of the Corporation under these Regulations, may prefer appeal against such decisions in Form-VIII to the Commissioner and if the decision is made by the Commissioner, the appeal shall lie to the Secretary to the Government, Housing and Urban Development Department, within a period of 30 days from the date of receipt of a copy of the order appealed against.

21. Reference Documents. – For the ease of implementation and rolling out of the regulations, a list of standards, strategies, manuals, guidelines and policies as provided in Schedule-III, may be referred to as those shall stand modified from time to time.

22. Direction of State Government to be supplementary to Regulations. – The Corporation may issue directives in respect of faecal sludge and septage management to remove difficulties in operation of these Regulations.

Schedule-I

Schedule for emptying of containment unit

[See regulation 5(2)]

Sl no.	Name of owner	Type of containment unit	Emptying frequency	Last emptying date	Next emptying date
(1)	(2)	(3)	(4)	(5)	(6)
1.		Septic tank	3 years		
2.		Pit latrine	5 years		

Schedule-II

Penalties and fines

[See regulations 4, , 6(5), 8, 13(2), 14 and 19(3)]

Sl. No.	Description	Regulations	Penalty (In Rupees) or any other penal action	Indicative fines (in Rupees)
1	Unscientific design and construction of containment unit	4		200
1.1	Continuing breach 2nd instance (after 30 days from the first penalty)	4		200
1.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	4	6000	Additional 30 per day
2	Direct discharge of sewage into drain or road or open area	4		200
2.1	Continuing breach 2nd instance (after 30 days from the first penalty)	4		200
2.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	4	8000	Additional 30 per day
3	Plying of septage transport vehicle without registration	8		200
3.1	Continuing breach 2nd instance (after 30 days from the first penalty)	8		200
3.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	8	Seizure of STV	Additional 30 per day
4	Noncompliance to attend	13		200

	accidental spillage			
4.1	Continuing breach 2nd instance (after 30 days from the first penalty)	13		200
4.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	13	Seizure of STV	Additional 30 per day
5	Discharge of untreated septage from treatment plant	14		200
5.1	Continuing breach 2nd instance (after 30 days from the first penalty)	14		200
5.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	14	100000	Additional 30 per day
6	Plying of septage transport vehicle without valid certification	6(5)		200
6.1	Continuing breach 2nd instance (after 30 days from the first penalty)	6(5)		200
6.2	Continuing breach 3 rd and subsequent (after 15 days from the second penalty)	6(5)	Seizure of STV	Additional 30 per day

Schedule-III

[See Regulation 21]

Application for registration of STV

1. Name of the applicant (owner of STV): _____
2. Nationality: Indian _____ Other _____
3. Address: as per Registration. _____
Address for correspondence: _____
4. Copy of PAN card of the Owner.....
5. Copy of Aadhaar card of the Owner (Only in case of individuals)
6. Telephone No.: (O) _____ Mobile No. and Email ID _____
7. Registration No. of Vehicle: _____ (Attach copy)
8. Vehicle Type: _____ (Cesspool Vehicle/Vacutug, etc.)
9. Vehicle Capacity: _____ (Litres)
10. Period for which the pollution certificate of the vehicle is valid:
(Attach copy)
12. Period for which the insurance of the vehicle is valid: _____ (Attach copy)
13. Fitness of the vehicle valid up to: _____ (Attach copy)
14. Whether STV fitted with GPS (Yes/No): _____
15. Details of the vehicles indicating model, type, capacity, leak proof, odour and spill proof having proper vacuum/ suction and discharging arrangement (Document proof of any may be closed). (Please mention for all the cesspool / desludging vehicles)
16. Processing fee (In Rupees) _____ /- (Non-refundable)
D.D. No. _____ Date _____ Bank _____

I/We certify that information given by me/us in column 1 to 14 are true to the best of my knowledge and belief. I also certify that I have read and understood the attached terms and conditions of RFA, all the Regulations, policies and guidelines of septage and agree to abide by them. I agree that I will ensure safe disposal of sludge or septage at designated site. I agree that if any information given by me is found wrong the application for license will be liable for penalties / suspension / cancellation at any time.

Registration Certificate for STV

STV registration with _____ Corporation

No.Date:

[Reference: Application No.....Date:]

In pursuance of the provisions contained in the <<name of the Corporation>>Faecal Sludge and Septage Management Regulations, 2018, the special permit conditions accompanying this permit is hereby granted to:

- (1) NAME OF OPERATOR: _____
- (2) ADDRESS: _____
- (3) REGISTRATION NUMBER: _____
- (4) TYPE OF VEHICLE: _____
- (5) CAPACITY: _____

(Please issue a separate permit for each of vehicle)

for the transportation of septage within Corporation area and up to the designated site.

(i) This Certificate is based on information provided in the STV operator registration application which constitutes the Registration Certificate for STV.

(ii) This certificate is valid for five years from the date of issue but may be suspended or revoked for non-Compliance of conditions set forth in Faecal Sludge and Septage Management Regulations, 2018 and violations of provisions of any Act, Rules and Regulations relating to the operation of Septage System or in cases of safety protocols not being adhered to or in case of non-permitted disposals.

(iii) The original certificate shall be produced on demand by the authorized personnel of the Corporation.

PERIOD OF VALIDITY: FROM DATE OF ISSUE UPTO

Note: This registration certificate does not replace or supplement the requirements under The Motor Vehicle Act.

Date: _____

Seal and signature of authorized officer

Form-IV

[See regulation 8(2)]

Register showing the details of the vehicle

1. Name of the applicant (owner of STV): _____
2. Address: as per RTO Registration. _____
3. RTO Registration No. of Vehicle: _____
4. Vehicle Model: _____
5. Vehicle Capacity: _____ (Litres)
6. Road tax paid up to: _____
7. Pollution certificate of the vehicle valid up to: _____
8. Insurance of the vehicle valid up to: _____
9. Fitness of the vehicle valid up to: _____
10. Vehicle, whether fitted with GPS (Yes/No): _____

Seal and signature of authorised officer

To

Commissioner

<<Insert name of Corporation>>

Self-attested copy
of recent passport
size photograph to
be attached

Madam/Sir,

I hereby apply for issue of license for operation of the following
(strike out whichever not applicable):

- (i) Septage Transport Vehicle
- (ii) Septage Treatment Plant/Faecal Sludge Treatment Plant

Particulars to be furnished by the applicant

- 1. Full name: _____
- 2. Son/Daughter/Wife of: _____
- 3. Permanent address (in case of individual): _____

- 4. Mobile No.: _____
- 5. E-mail ID: _____
- 6. Current address: _____

- 7. Date of birth (proof to be enclosed): _____
- 8. Educational qualification: _____
- 9. Proof of identity: _____
- 10. Fee paid towards processing of application: _____

Note: Strike out whichever is not relevant

I hereby certify that the information provided herein is true to the best of my knowledge. Any modification shall be informed by me to the Corporation, within ten working days of any such change.
