The Silk City of Odisha

SwachhSurvekshan **2017 in BeMC.**

In order to foster a healthy competition between cities for improving cleanliness standards, the Ministry of Urban Development (MoUD) started the “Swachh Survekshan” survey, ranking of cities on cleanliness and other aspects of urban sanitation, in 2016 which ranked 73 cities across the country. On the same lines, MoUD has initiated “Swachh Survekshan 2017” which will conduct a survey to rank 500 cities of India. The performance evaluation of the Swachh Survekshan is conducted by Quality Council of India (QCI), an autonomous body established by Government of India in 1997 for Quality assurance in all spheres of activities including Governance.

To be conducted by Quality Council of India (QCI), the 'Swachh Survekshan-2017' will judge cities on the basis of data provided by Municipal bodies which will carry 900 marks, data collected through direct observations and independent assessment (500 marks) and citizen feedbacks (600 marks). As you are aware that, Ministry of Urban Development (MoUD) is implementing Swachh Bharat Mission (SBM) Urban with a goal to make the country clean and open defecation free by 2nd October, 2019.

BeMC *e-SANYOG*

In that sense, the survey is more holistic, participatory, purposeful and meaningful for future guidance and evolving course of action, "Swachh Survekshan 2017" was conducted in BeMC from 27th Jan. 2017 to 29th Jan. 2017 by Quality Council of India (QCI). A team of 4 members from QCI verified the documents of BeMC and visited different places of BeMC for assessment of ODF, Solid waste, Transportation & collection of disposal, Door to door collection, Community Toilet (CT), Public Toilet (PT) etc.
